EXPERIENCE

Saigon Lotus Restaurant - Toronto, ON

Lead Server

December 2022 - Present

- Led a team of servers, ensuring a high standard of customer service and efficient restaurant operations.
- Trained new staff members on restaurant procedures, service protocols, and customer interaction techniques.
- Handled customer inquiries and resolved issues effectively.
- Maintained a positive work environment, fostering teamwork and collaboration among staff.

EDUCATION

Seneca Polytechnic College - Toronto, Canada

September 2022 - Present

Ontario College Advanced Diploma of Computer Programming & Analysis.

GPA: 3.90/4.0

- Concentrations: Programming Languages, program design, and system analysis.

PROJECTS

Saigon Lotus Employee Time Tracking

March 2024 - Present

Technologies: **Javascript ES6, Next.js, React, TailwindCSS, Node.js, Express.js, MongoDB and JWT.**

- Developed a web app to allow restaurant staff to clock in and out, and view their working time records.
- Built a secure back-end for handling data storage and retrieval for employee records.
- Implemented authentication to secure access, enabling the owner to manage employees' working hours.
- Enhanced restaurant efficiency with precise time management.

The Met Museum

December 2023

Technologies: **Next.js, React, Bootstrap, Node.js, Express.js, MongoDB and JWT.**

- Created a full-stack application integrating the Met public API for over 470.000 artworks exploration.
- Designed a responsive user interface providing a seamless user experience across different devices.
- Implemented a robust backend to manage user authentication with secure login and logout.

Portfolio Website

April 2024 - Present

Technologies: **Next.js, React, TailwindCSS.**

- Designed and developed a personal portfolio website to demonstrate my skills, and projects.
- Improved my online presence, resulting in a 50% increase in contacts and potential recruiters.
